

<Supplies students will bring>

1. Carving wax

I'm going to demonstrate to make a texture on metal by electroforming, with carving wax. Because most of you are not familiar with carving wax, I found some link here. Click on the links below, I found them in Amazon and Rio Grande. It's okay to prepare any of these.

- <https://www.amazon.com/Freeman-Carving-Block-Sliced-WAX-332-20/dp/B0058EDRBW>.

- <https://www.riogrande.com/product/matt-green-wax-bar/700550>

- <https://www.riogrande.com/product/matt-green-wax-block/700556>

- <https://www.riogrande.com/product/matt-green-wax-slice-assortment/700514>
